

# Successontrack.com

Success On Track is a team dedicated to helping design and improve user life digitally by solving the organizational, time management skills, prioritization of deadlines, and non-motivational problems in not having everything in one place to get down to business.

---

Success On Track provides a diverse service by having everything in place that you need to be successful in your day-to-day life. This is an all-inclusive app/web application that our team focuses on to maximize your productivity. Whether you are looking to get your list of tasks in place, prioritize deadlines, needing inspiration to be motivated (such as quotes), or simply sitting down for a work session, you have all the tools from the pomodoro timer to built-in social media blocker and music at your fingertips to get things done. Our approach to putting needed tools to make everything at ease reflects what our company stands for in improving disorganization. We focus on giving our customers a superior experience and relieving the stress of day-to-day activities.

## PERSONAS

### Student Users

Prospective student of any grade level having a difficult time in keeping track of assignments, focusing, and having motivational inspiration to complete tasks.

### Employers

Employees especially remote workers needing assistance with time management skills, scheduling, and a countdown for deadlines.

### Everyday Joe

For typical everyday users that want everything in one place to plan tasks/future goals, organize and have easy access to music.
